## Other information...

The BTU is a young, innovative university with modern facilities, an outstanding university library, state-of-the-art laboratories and working studios, as well as a strong social commitment and vision that will broaden your horizons. With around 7,600 enrolled students, we are a small university where professors still personally know their students. We are internationally recognized; About one quarter of our student body is international, coming from more than 111 different countries worldwide. We have 12 English-taught study courses and offer also a German Language Preparation Year “Bridge to Studies” for applicants with a level of B1.
