Programmes in catholic and protestant theology, law, business and economics, medicine, education sciences, sociology, political sciences, communication sciences, psychology, sport sciences, philosophy, philology, history, mathematics, computer sciences, physics, chemistry, pharmacy, biology, geosciences, music and music theory at all levels (Bachelor, Master, PhD)

Research centers or institutes

The WWU is a research leader in both the natural sciences and humanities. 26 scientific centres make their home at the WWU, including the Max Planck Research Centre for Molecular Biomedicine, the Fraunhofer Institute for Biomedical Engineering IBMT, the Branch Plant-based Biopolymers of the Fraunhofer IME, and the Helmholtz Institute Münster – Ionics in Energy Storage. Faculties at our Religion and Politics Excellence Cluster tackle questions of ethics, morals, and public life. Other excellent research areas include Cell Dynamics and Innovative Imaging Technology, Medicine (Inflammation and Neural Systems), Evolution, Mathematics, Battery Research, and Talent Research

Topics of interest to develop research projects

- Education

Scholarship Program for international students
